Dear Mr. Tandler:

I would like to thank you for your recent cooperation and participation in the Asbestos Sampling Program. The information gained from this survey will be used to determine the significance of the discharge of asbestos and the performance of treatment technologies.

The Agency is responding to requests for duplicate copies of the analytical results for samples collected at participating facilities. Results are being forwarded upon completion of Agency review. Should you be interested in receiving results from the sampling of your facility, please contact:

Ms. Deborah Danforth
